29.04-1-9 David & Joan Wiley 1250 Rte 14 Penn Yan, NY 14527

29.03-1-7 Petruzzello Trust 9 Dummond Place Glen Head, NY 11545

Chairman read recommendation letters regarding this application from the Town
Planning board which recommended approval.

Nathan Curtis representing FL Solar spoke on behalf of this project.

This will be a roof mounted array of solar panels on three parts of the warehouse roof.

There will be no land disturbed and the panel absorbs the light so there will be minimal
glare. They have NYSEG approval on this project . All lines will run to a box mounted on
side of building. The power collected will run the facility and winery.

Mrs. Joan Wiley was curious if there would be any reflection from the panels. She lives
directly west of the warehouse.

Mr. Curtis stated the arrays are fixed and will not track the sun. The idea is to absorb as
much solar light as possible so the glare will be minimal to non-existent.

Pete Martini spoke in favor as this will be sustainable use providing economical power
for the winery operations.

No one spoke in opposition to this application.

Being no further questions or statements on this application, Chairman thanked all for
attending and their comments, closing the public hearing at 7:15 pm.

Respectfully submitted

Betty M. Daggett
