Clerk reported Yates County Planning Board recommended approval 11/20/14 and Torrey Planning Board recommended approval on 11/17/14.

Mrs. Kennedy explained due to her mother in laws deteriorating health it has deemed she and her husband become live in caregivers. Their home here in Dresden limits mothers movement due to stairs so they have decided to move in with her at 1255 Anthony Rd. a one level home. The rooms in 1255 Anthony Rd are very small, they would like to construct a 12' addition to the front which would make the living room and two bedrooms spaces larger. There is no yard to build an addition on the back due to

septic and leach lines. An area variance is requested because the setbacks of the addition will not meet the front setback requirements from the County Road 3.

There was no one interested to speak in support or opposition of this application.

There being no further questions from the board Mr. Hoke closed the public hearing at 7: 12 PM.
