A Note from Town Supervisor Peter Martini

As the year 2023 has come to a close, I would like to take this opportunity to highlight some of the activities and issues the Town of Torrey experienced this past year. First, in February the Town of Torrey entered into a contract for the construction of Water District 1 (essentially from Fox Run Winery to Seneca Shore Winery along the lake). Unfortunately, the contractor experienced some challenges that delayed progress. At this point after consultation with our engineer, **CPL**, and the contractor, **Nardozzi Construction**, we believe they have been resolved and look forward to the project's completion by May of 2024.

Work on "Meter Pit Vault" across from Fox Run Winery in December of 2023

On May 29th, the Town of Torrey held its 101st Memorial Day Observance which was organized and coordinated by our Town Clerk, Betty Daggett. It was a fitting tribute to those who gave so much so that we can enjoy all that we have.

In August, after many years of hard work by our Code Enforcement Officer, Dwight James, the Torrey Station issue was successfully resolved. This included the environmental cleanup, demolition of a building, and getting the property back on the County tax rolls starting in 2024.

The Town Planning Board under the leadership of its chairman, George Dowse, developed and presented to the Town Board a “Short Term Rental” Policy for adoption. This policy seeks to balance the rights of individual property owners with the needs of the permanent residents of the town.

The Town of Torrey Highway Department under Superintendent Tim Chambers purchased with board approval a new mower to replace an aged mower which was requiring constant repair. Also, the Highway Department used CHIPS funding from the State to pave, oil and stone, and replace culverts on some of our town roads.

The Town Board had two committees that worked on a Personnel Policies & Work Rules and a Hazardous Mitigation Plan (in conjunction with Yates County Office of Emergency Services) which the Town Board adopted.

Also, the Town Board worked diligently on developing the Town Budget for 2024. This proved to be extremely challenging given the extraordinary rising cost of materials, services, and insurances the Town Board confronted. Let me assure you, the Town Board did its best to keep the tax rate as low as possible as well as provide the necessary services you the taxpayers require.

In an effort to mitigate the raise in taxes on our seniors, the Town Board passed a local law amending the Senior Citizens Tax Exemption from Real Property Tax Exemptions, increasing limits to \$28,399.99.

Finally, let me encourage you to attend the monthly Town Board meeting which is held on the second Tuesday of the month at 7:30 pm at the Town Building on Geneva Street. You will not only have the opportunity to see the issues facing the Town of Torrey discussed, but you will also have the opportunity to bring forward your concerns and comments on town issues.

From the Desk of Town Board:

- The Town Board meets the second Tuesday of the month at 7:30 pm in the Town Building at 56 Geneva Street, Dresden, NY.

The Town's inspectors can be contacted at the Yates County Soil and Water Conservation Department 315- 536-5188.

The Yates County Soil and Water Conservation District provides the watershed inspection services for the Town of Torrey and Village of Dresden. Educating homeowners on the function of their wastewater treatment systems has proven to be a tremendous benefit.

In November of 2014, the Town of Torrey passed a local Wastewater Law effective January 1, 2015. Under the new law, any onsite wastewater treatment system within 200' of Seneca Lake or a DEC classified stream is required to be inspected every 5 years. The cost of the inspection is borne by the Town of Torrey (unless this is a property transfer). However any pumping of the septic or repair is a cost to the homeowner. We are now in year 9 of these inspections.
